COMPANY PROFILE

» ABOUT SUNTHINKS

Established in 2002, ShenZhen Yuxunda International Ltd is a specialized manufacturer which integrates development, production and marketing in the field of printer consumables and sublimation transfer machines.

In 2012, based on rich experiences, we established a new company—Shenzhen Sunthinks Technology Co., Ltd. was established. And invested a lot of money, established a factory at the same time, recruited a large number of professional technical personnel, professional research and development, production of uv flatbed printers, one-way printers and other industrial digital equipment. After years of intensive cultivation in the printing field, many patents have been obtained. Branches have been established in many cities in China and more than 20 agents have been recruited from around the world. At the same time, we also support OEM and ODM, so we are also a supplier of many large enterprises.

We pursue innovation which devote to offer the whole high quality and efficiency printing solutions to meet different requests to satisfy each customer and help them get the best solution for printing needs!

» PRODUCTS

1. Diversified product lines, product types, and models, one-stop to meet your various needs.
2. From material selection to finished products, each product adheres to a rigorous and responsible attitude, being strict with products and responsible to customers.
3. Printer source factory factory, factory direct, 1 piece is also the ex-factory price.
4. One-stop service, original accessories, later maintenance is cheaper and more convenient.
5. Pay attention to product quality and choose excellent materials.

STRENGTH

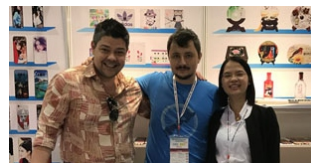

- 1.A high-tech enterprise integrating R&D, production, sales and after-sales with 20 years of experience.
- 2.CE, FCC, RoHS and other authoritative certificates, sgs certified factory.
- 3.The printer source factory supplier supports oem and odm. The factory has hundreds peoples of production teams and technical teams.
- 4.The division of labor within the company is clear, and there are independent professional teams responsible for product development, appearance design, product production, product debugging, quality inspection, product sales, and product after-sales.

- 5.There are many exhibitions in various places every year. Since 2015, the annual Fespa exhibition in Europe and other foreign exhibitions such as the United States, Brazil, India, and Thailand.

- 6.The customer coverage is wide, and the overseas agents are all over the continents.Our products are distributed all over the world and are helping customers gain benefits.

AFTER SALE

- 1.Establish your exclusive after-sales group, overseas engineer team 24/7 online consultation, after-sales Q&A.
- 2.Support sending overseas engineers to debug the equipment for you and teach you how to use it.
- 3.Conduct regular return visits to customers, listen to their suggestions and solve their difficulties.
- 4.Promise that once the product is sold, it will be sold for life.

DIGITAL SINGLE PASS PRINTER WITH 1 PRINTHEAD

SC300

Product Name	Digital Single Pass Printer
Brand	Sunthinks
Application	Kraft Paper Bag, Corrugated Carton/Box/Cardboard, Wood Board, Paper And Other Porous Materials
Colors	C / M / Y / K
Ink	Dye Ink & Pigment Ink
Printhead Model	A3 Pagewide Printhead
Printhead Quantity	1pcs
Printing Page Width	300mm
Printer Model	SC300
Power	3.5kw
Feeding Width	680mm
G.W	600kg
Product Size	1126*2150*1500mm
Material Thickness	1~150mm
Printing Speed	30m/min
Resolution	1200dpi*300dpi / 1200dpi*600dpi / 1200dpi*1200dpi
Customized Service	Yes
Auto Feeder	Optional
Feeder Brand	Sunthinks
Feeder Size	850*850*1200mm
Power	1.8kw
G.W	100kg
Feeding Width	450mm
Feeding Height	1~450mm
Feeding Speed	30m/min

DIGITAL SINGLE PASS PRINTER WITH 2 PRINTHEAD

SC600

Product Name	Digital Single Pass Printer
Brand	Sunthinks
Application	Kraft Paper Bag, Corrugated Carton/Box/Cardboard, Wood Board, Paper And Other Porous Materials
Colors	C / M / Y / K
Ink	Dye Ink & Pigment Ink
Printhead Model	A3 Pagewide Printhead
Printhead Quantity	2pcs
Printing Page Width	600mm
Printer Model	SC600
Power	5kw
Feeding Width	1600mm
G.W	1700kg
Product Size	3550*2250*2200mm
Material Thickness	1~80mm
Printing Speed	30m/min
Resolution	1200dpi*300dpi / 1200dpi*600dpi / 1200dpi*1200dpi
Customized Service	Yes
Auto Feeder	Optional
Feeder Brand	Sunthinks
Feeder Size	1900*1750*1700mm
Power	0.75kw
G.W	600kg
Feeding Width	1600mm
Feeding Height	1~450mm
Feeding Speed	30m/min

DIGITAL SINGLE PASS PRINTER WITH 3 PRINTHEAD

SC900

Product Name	Digital Single Pass Printer
Brand	Sunthinks
Application	Kraft Paper Bag, Corrugated Carton/Box/Cardboard, Wood Board, Paper And Other Porous Materials
Colors	C / M / Y / K
Ink	Dye Ink & Pigment Ink
Printhead Model	A3 Pagewide Printhead
Printhead Quantity	3pcs
Printing Page Width	900mm
Printer Model	SC900
Power	7kw
Feeding Width	2000mm
G.W	1900kg
Product Size	4120*2250*2200mm
Material Thickness	1~80mm
Printing Speed	30m/min
Resolution	1200dpi*300dpi / 1200dpi*600dpi / 1200dpi*1200dpi
Customized Service	Yes
Auto Feeder	Optional
Feeder Brand	Sunthinks
Feeder Size	2350*1750*1700mm
Power	1.5kw
G.W	800kg
Feeding Width	2000mm
Feeding Height	1~450mm
Feeding Speed	30m/min

DIGITAL SINGLE PASS PRINTER WITH 4 PRINTHEAD

SC1200

Product Name	Digital Single Pass Printer
Brand	Sunthinks
Application	Kraft Paper Bag, Corrugated Carton/Box/Cardboard, Wood Board, Paper And Other Porous Materials
Colors	C / M / Y / K
Ink	Dye Ink & Pigment Ink
Printhead Model	A3 Pagewide Printhead
Printhead Quantity	4pcs
Printing Page Width	1200mm
Printer Model	SC1200
Power	8kw
Feeding Width	2500mm
G.W	2500kg
Product Size	5800*2250*2200mm
Material Thickness	1~80mm
Printing Speed	30m/min
Resolution	1200dpi*300dpi / 1200dpi*600dpi / 1200dpi*1200dpi
Customized Service	Yes
Auto Feeder	Optional
Feeder Brand	Sunthinks
Feeder Size	2870*1780*1700mm
Power	2.2kw
G.W	1000kg
Feeding Width	2500mm
Feeding Height	1~450mm
Feeding Speed	30m/min

DIGITAL SINGLE PASS PRINTER WITH 5 PRINTHEAD

SC1500

Product Name	Digital Single Pass Printer
Brand	Sunthinks
Application	Kraft Paper Bag, Corrugated Carton/Box/Cardboard, Wood Board, Paper And Other Porous Materials

Feeding Height	1~450mm
Feeding Speed	30m/min

DIGITAL SINGLE PASS PRINTER WITH 6 PRINTHEAD

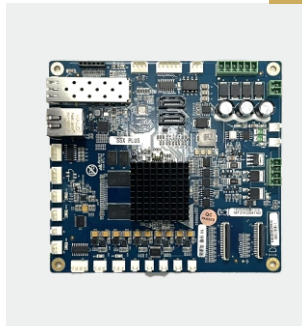

SC1800

Product Name	Digital Single Pass Printer
Brand	Sunthinks
Application	Kraft Paper Bag, Corrugated Carton/Box/Cardboard, Wood Board, Paper And Other Porous Materials
Colors	C / M / Y / K
Ink	Dye Ink & Pigment Ink
Printhead Model	A3 Pagewide Printhead
Printhead Quantity	6pcs
Printing Page Width	1800mm
Printer Model	SC1800
Power	8kw
Feeding Width	2500mm
G.W	2500kg
Product Size	5800*2250*2200mm
Material Thickness	1~80mm
Printing Speed	30m/min
Resolution	1200dpi*300dpi / 1200dpi*600dpi / 1200dpi*1200dpi
Customized Service	Yes
Auto Feeder	Optional
Feeder Brand	Sunthinks
Feeder Size	2870*1780*1700mm
Power	2.2kw
G.W	1000kg
Feeding Width	2500mm
Feeding Height	1~450mm
Feeding Speed	30m/min

PRINTER FEATURES

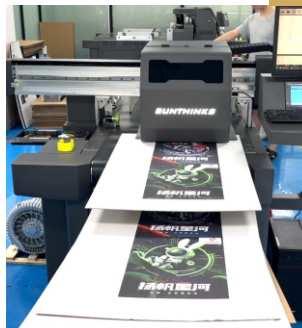

1 .Self-developed special-purpose printer motherboard, patent protection, domestic exclusive, perfect fit with the machine, strong stability. It comes with automatic picture feathering function and automatic gap printing, supports multi-task continuous printing, and automatically switches and prints pictures without indirection.

3 .Using the new A3 pagewide printhead, the print width of a single print head is 300mm, compared with the A4 pagewide printhead, the print width of a single print head is wider. 1 to 6 printhead configurations are optional, and the maximum printing width is 1500mm.

5 .Fully digital single pass printer, it can print when it is turned on, the printing cost is low, no plate making is required, the production efficiency is high, and the pictures can be imported and printed. The maximum printing length of a single image is 20m. The maximum printing precision is 600dpi*1200dpi, and the fastest printing speed is 30m/min.

7 .Equipped with a self-developed perforated conveyor belt that has obtained relevant patents, it has an automatic deviation correction function, and cooperates with the suction function of the printing platform to accurately send the material to the bottom of the print head for precise printing.

9 .The professional automatic feeder has fast, stable and uniform feeding characteristics, which improves printing efficiency and saves the cost of manual feeding.

2 .The original ink circuit circulation technology can effectively eliminate the small air bubbles in the ink and the air in the ink circuit, and continuously supply ink to the print head with a stable and balanced negative pressure value.

4 .The high-definition touch screen integrates various functional control units, equipped with a PLC operating system, easy to operate, customizable programming, strong compatibility, and can be used with other equipment.

6 .3.5L large-capacity ink supply system, equipped with environmentally friendly pigment ink and dye ink. Imported high-quality water-based raw materials are used to make the printing effect more vivid and the color saturation higher. At the same time, no VOC waste gas is generated, and there is no need to worry about environmental protection issues.

8 .The combined design of the pressure wheel and the pressure sheet enables the material to pass under the print head smoothly and stably when it is conveyed rapidly, preventing damage to the print head.

10 .The structure of the printer is all steel integrated, strong and durable. The fuselage is designed with multiple maintenance windows for important components, which is convenient for maintenance.

WHY CHOOSE SUNTHINKS

» WHAT'S THE CURRENT STATE OF THE INDUSTRY?

The traditional printing method is slow, the process is cumbersome, and the printing cost is high, which is suitable for mass printing.

Large-volume printing orders have become history, and multi-batch and small-batch printing orders have become the norm in the market.

In the era of multi-channel operation and development of stores and online stores, the timeliness of services and the diversity of customization are essential.

Reduce production costs, simplify production processes to form a stable supply chain, and create high profits at low costs.

» OUR ADVANTAGE

20 years of printer factory, completely independent research and development, in the same quality, price, print size, there is no competitor.

Since 2018, it has carried out technology research and development, and has industry-leading technical foundation and product experience, as well as numerous patent protections. At the same time, we are the first supplier in china to use A4 pagewide printhead for single pass printing solutions, and we have also attracted plagiarism from many peers.

Sunthinks is the pioneer of single pass digital printing in china. It is also the TOP in china's digital single pass packaging and printing equipment industry. Up to now, we have sold more than 1,000 SC series single-pass printers around the world, with the highest domestic market share and endorsements from many domestic and foreign customers.

While other suppliers are still researching A4 printing solutions, we already have three mature printing solutions, using A4 printhead, A3 printhead and Epson i3200 printhead respectively. And in 2023, it will launch a UV single pass printer, opening a new era of UV single pass printing.

» WHAT PROBLEM CAN WE SOLVE FOR YOU?

Compared with traditional printing methods, complex operations are eliminated. sunthinks single pass printer does not need plate making, it can print when it is turned on, fast speed, good effect and low cost are its four major characteristics.

- 1.Strong market adaptability, you can develop your business flexibly, whether it is a small amount of printing or a large batch of printing. Helping you enhance your edge in a tight competitive environment.
- 2.The printing design is flexible and free, not limited by the traditional plate-making mode, and there is no plate-making fee, and it can be printed by importing pictures.
- 3.Sunthinks single pass printer can help you save more labor cost and time cost. Only 1 or 2 people can complete all the printing work, which really saves you time, effort and cost.
- 4.Use the environmentally friendly water-based ink of Sunthinks manufacturer's long-term in-depth test, no waste water, waste ink, waste gas generation, low-carbon environmental protection.

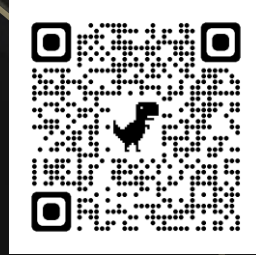

**Thank you for your careful review
look forward to your reply**
